## Budget Message

### Fiscal Year 2023-2024

Northern Oregon Regional Corrections (NORCOR) is a municipal corporation, created in 1996 under the authority of Oregon Revised Statutes (ORS 190) by the execution of an Intergovernmental Agreement between Gilliam, Hood River, Sherman and Wasco Counties. Each of the counties represented by NORCOR have delegates who are members of the NORCOR Board of Directors. The Board of Directors met and appointed community members from each of the participating counties to the NORCOR Budget Committee. The purpose of this document is to provide narrative of the current status of NORCOR's financial position and a framework for the upcoming 2023-2024 fiscal year.

The fiscal year 2023-2024 budget has been prepared by the Budget Officer in collaboration with the NORCOR Management Team. Additional information regarding upcoming facility needs were requested and received through division leads. The Management Team is presenting to the Board a realistic budget for operating the current NORCOR facilities based on best practices and industry standards.

- The positions proposed in the budget reflect the investment in the Administrative Services.
- The budget is the 5<sup>th</sup> year of dedicated funding to the Reserve fund for capital building projects.
- This budget also reflects the Management transition to the Business Manager and the two Oversight positions will be phasing out over the first six months of the fiscal year.

The value and purpose of this budget is to provide a financial plan for the 2023-2024 fiscal year. The final approved budget will authorize NORCOR to receive resources and expend funds.

The Management Team includes the Administrative Sheriff, Administrative Juvenile Director, Adult Jail Commander, Juvenile Detention Manager, and the Finance Manager. On February 16, 2023 the NORCOR Board appointed the Finance Manager, Dale Whipple, as the Budget Officer for the 2023-2024 NORCOR Budget process. The presentation of the Budget continues to support the current management structure through June 30, 2024.

The purpose of the NORCOR Budget Committee is to convene and receive the full budget document including the Budget message. The Budget Committee provides a forum for the public to inspect and comment on the proposed 2023-2024 budget. Upon the satisfaction of the Budget Committee's consideration, the Budget Officer will seek approval for the 2023-2024 fiscal year budget with a recommendation to the NORCOR Board of Directors for adoption.

The proposed NORCOR budget has two (2) facility funds.

- General fund
- Reserve fund

NORCOR has two (2) dedicated funds governed by Oregon Revised Statutes related to Adults in Custody

- In custody welfare fund – limited to the general welfare of all adults in custody
- In custody Trust fund - pass-through funds

### **1) General fund**

The General Fund for NORCOR is the primary operating fund for the operations of the facility. There are three sub-departments within the General Fund in which funds are appropriated and legally available for the operations of NORCOR. Within each of the sub-departments the revenues and expenditures are explained.

#### Shared Services (Administration):

- Shared revenue: Property rental, Interest income, Transfers from Adult and Juvenile departments.
- Expenses: Personnel, materials and services, and capital
- The Reserve Fund and Facility Contingency is budgeted within the Shared Services
- Software expenses are covered through the inter-department transfer based on 75% adult and 25% juvenile split.

#### Adult Services:

- Department specific revenue – County subsidies, bed rental contracts, federal funds, in custody fees, and justice reinvestment funds.
- Department specific expenses (personnel, materials and supplies, contract services and capital)
- Transfer to the Administration Department

### Juvenile Services:

- Department specific revenue – County subsidies, service and rental contracts, federal funds, and National School Lunch Program
- Department specific expenses (personnel, materials and supplies, contracted services, and capital)
- Transfer to the Administration Department

## 2) **Reserve Fund:**

The Reserve fund was developed by resolution in February 2019. These funds have been designated for the future expenditures for large facility maintenance and capital improvements that enhance current assets. The Reserve Fund has developed a replacement and retention plan for the assets with the following priorities.

- 1) The NORCOR Roof has not been replaced since the initial build in 1997. The rubberized flat roofs have required some maintenance, but are coming to end of anticipated wear. The most recent review of costs for both of the facilities is estimated at just over 1 Million dollars.
- 2) NORCOR has over 76 HVAC units located on the NORCOR roof structure. In 2021 there was an investment of \$80,000 using ARPA funding to upgrade the HVAC computer hardware and software. The next risk for the HVAC system is the roof units on both buildings. The estimated replacement costs for the units has not been reviewed within the recent years.
- 3) The Fire suppression system in both facilities is out of date and difficult to maintain, there has been preliminary discussions, but no formal request for quotes.

The Management Team will continue to research and seek additional funding for capital investments. These opportunities may include grants and incentives to become more energy efficient.

## 3) **Facility Welfare Fund:**

The Adult in Custody Welfare Fund is part of the adult facility. These revenues restricted by Oregon Revised Statutes for expenditures that benefit the whole of the adults in custody. Examples include items or programs that enhance the lives of adults in custody, including education, job training, drug and alcohol treatment, exercise equipment, television and cable

subscriptions, magazine subscriptions, book, microwaves, special event meals or snacks, and board games.

These funds cannot be used for regular meals, clothing, medical cares, staff salaries, staff clothing or equipment, and facility maintenance.

## DESCRIPTION OF REVENUE SOURCES

As the designated local correctional facility and the designated juvenile detention facility for Gilliam, Sherman, Hood River, and Wasco Counties, the funding for operations is the responsibility of the member counties. The 2023-2024 budget continues to honor the funding formula of 50% from Wasco County, 40% from Hood River County, 5% from each Gilliam County and Sherman County. The 2023-2024 proposed budget includes a request of a 7% increase of county subsidies from the current fiscal year. This increase is based on structured fixed costs increasing at or above the current inflation rate. The Management Team is also recommending increases equal to or above for rates of outside entities that have open contracting terms during the 2023-2024 fiscal year.

The current rental contract is in the second year of a three year contract. The terms of the contract include a 2% decrease in the 2023-2024 fiscal year. This was part of the negotiations to ensure the continuity of the contract. The warehouse is a unique structure. It requires a very specific renter profile that is uncommon for the regional market.

The Management Team has reviewed the revenue carefully and the proposed 2023-2024 budget is achievable based on our current understanding of the contract partners.

## DESCRIPTION OF EXPENSES

NORCOR's primary expenses are related to personnel costs. The 2023-2024 budget has 2.0 FTE increase from the 2022-2023 fiscal year. This budget fully implements the approved administrative structure of

the NORCOR facility with the Business Manager. The second FTE is a position in the finance department recommended in previous years by the auditors for separation of duties within the organization. During the first six months with the new management structure the budget reflects a transition period with the administrative roles. These positions will be eliminated January 2024.

Personnel costs of NORCOR comprise 74% of the overall budget. NORCOR is currently in the second year of the Collective Bargaining Agreement with the NORCOR Association and the designated COLA is 5%. Other significant expenses include an increase for the food contract of 12%, utilities (electricity and gas) increasing 15%-20%, and insurance increasing 25%.

The proposed 2023-2024 budget includes 5% of the budget held in reserves, and is flat for both materials and supplies and capital expenses. The Management Team has prepared the documents carefully and is ready for the NORCOR budget committee to spend time reviewing the work.

### ACKNOWLEDGEMENTS

The NORCOR Management Team acknowledges all of the extraordinary dedication by staff working at the NORCOR Facility. This past year NORCOR has been able to develop additional relationships with community partners such as Mid-Columbia Center for Living, One Community Health, Oregon State Courts, and the Oregon Youth Authority to invest in both programming and infrastructure. The Management Team will continue to enter into collaborations to maximize access to funding.

It has been the Management Teams pleasure to work with the NORCOR Board.

Respectfully Submitted,

The NORCOR Management Team
