

PRESS RELEASE

In the spirit of the Holiday Season, for the 6th consecutive year, NORCOR (AIC) Adults in custody will be receiving something special for Christmas. Every year, the NORCOR Staff fill large paper grocery bags to the brim with all sorts of goodies for distribution to every AIC on Christmas morning. The funding utilized to pay for the gift bags are not tax payer dollars, they are provided by a special account which may only be used for items specifically designated for the welfare of the AIC's, items like postage, games, and recreational equipment. In addition to building the Christmas bags, the Staff also volunteer in the kitchen Christmas morning, to help cook and distribute the holiday meal. The Holidays are the most difficult time for AIC's to be away from friends and family. The NORCOR Staff are firm believers in modeling and encouraging positive behaviors and the spirit of giving and generosity is no exception. There are so many ways we can all give back to our community; we hope that these simple gifts will inspire others to do the same!
